Andrew: http://www.reddit.com/r/programming/comments/f1p9b/oop_javascript_some_magic_included/
Andrew: its a new programming language that seemsm to have ruddfled some feathers :)
Andrew: totallyy hated in 2 hours
Andrew: we use it a tthe company josh & I work at and now they are publishing it
me: dude, I pissed off reddit more than anyone else a couple of weeks ago
Andrew: link?
me: one sec
me: problem is the videos are down
me: basically, my new gf had two roommates
Andrew: WAIT YOU HAVE A NEW GF?!?!
me: one was a giant asshole and got mad because she occasionally has people over and he doesn't know them
me: half-Asia lol
Andrew: no, im kidding, go on
me: anyway, he came home to throw me out and I made fun of him and recorded it
me: posted it on YouTube
me: and told him I'd make sure it was the top result for his name unless he moved the fuck out
me: so he moved the fuck out
Andrew: dallas roommates ftw
me: even R.S. McCain liked the videos
me: yeah, lol
Andrew: mccain watches your videos?
Andrew: all of them?
me: anyway, a lot of redditors nerd raged
me: I don't think so
me: I was talking to another conservative blogger and mentioned it and he asked for link
me: sent them to McCain, both posted them
me: anywho, he moved out so I took them down
Andrew: too bad

Andrew: you should send them to me when i get home
Andrew: but what was the nerd arage about?
me: I think it was because
me: the guy says "for all I know you could be casing the joint"
me: so I explain that I write for these pubs and whatnot and thus am unlikely to be a burglar who cases "joints"
Andrew: you got nerd raged for using spurious logic?
Andrew: on a youtube video?
Andrew: standards have elevated dramatically it seems
me: http://www.reddit.com/r/reddit.com/comments/eud24/i_went_to_my_girlfriends_apartment_for_the_first/
Andrew: DUDE YOU HAVE A GF?
me: oh, and some guy wrote a comment that he was very proud of and then linked to it from another reddit post on his other account, calling himself a "master troll"
me: then someone called him on it and he started deleting everything
Andrew: well
Andrew: I can see how making fun od web designers and using the word "faggot" would not get you far on reddit
me: it did at first
me: look at the downvoted comments at the bottom
Andrew: ic
Andrew: internet hate machine indeed
me: then someone linked to it with a rather spurious description of the backstory
